

Pagadala Tejarakshith

Software Engineer | Java Developer | Full-Stack Developer

Professional Summary

Motivated Computer Science graduate currently pursuing M.Tech with a strong foundation in Java, web development, SQL, and software engineering principles. Experienced in developing secure software applications, building responsive web interfaces, and supporting research documentation through statistical result preparation using SPSS, Microsoft Word, and Microsoft Excel.

Education

M.Tech – Computer Science & Engineering (Currently Pursuing)

B.Tech – Computer Science & Engineering, Malla Reddy Institute of Technology and Science (JNTUH)

CGPA: **7.04/10**

Technical Skills

Java, Python, JavaScript, HTML, CSS, Spring, React, Oracle SQL, MySQL, Git, GitHub, Docker (Basics), Eclipse, VS Code, SPSS, Microsoft Word, Microsoft Excel

Projects

Lightweight Secure Auditing Scheme for Shared Data in Cloud Storage

Java, SHA-256, CP-ABE, TPM – Developed a secure cloud storage auditing system with data integrity verification and secure access control.

Book Finder Application

React, Vite, Open Library API – Responsive book search application.

E-Commerce Website

HTML, CSS, JavaScript – Shopping cart using Local Storage.

Experience

Research Documentation & Thesis Support (Freelance | 2025–Present)

Prepared thesis documentation, organized research data, assisted with SPSS-based statistical result preparation, created tables/charts, formatted documents in Microsoft Word, and managed datasets in Microsoft Excel while maintaining accuracy and confidentiality.

Achievements

- Telangana PGECET Rank 721
- Developed Secure Cloud Storage Project
- Experience in Research Documentation and Statistical Result Preparation

Career Objective

To obtain a Software Engineer position where I can apply my knowledge of Java, Spring, web technologies, and software development while continuously learning and contributing to innovative projects.
